

Pray with us

July 2023

Prayer is the heartbeat of Restore Glasgow, so thank you for praying with us!

County Lines is the exploitation of children and young people by gangs to transport and sell drugs. We're giving thanks that the training we delivered to youth workers last month went well. Pray that more youth workers in Glasgow would be equipped to play a part in both preventing and tackling County Lines in Glasgow.

Tackling prostitution: We're holding meetings over the summer to discuss next steps in keeping up the pressure on the Scottish Government to tackle prostitution by criminalising the buyer. Pray for wisdom for our Government as they seek to protect women from violence.

Rescues: We always want to be praying for rescue in Glasgow! Pray for the police to gain good intelligence and be able to rescue people trapped in our city.

Restore: As we turn five, we're grateful for God's faithfulness, provision and leading. As we look ahead to our next year, pray that we would continue to know these things.

Thank you!
